FERPA Notification of Rights for Post-Secondary Institutions

A Student's Right to Know

The Family Education Right and Privacy Act (FERPA) affords students certain rights with respects to their education records. They are:

(1) The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

Students should submit to the Registrar, Dean, head of the academic department, or other appropriate official, written requests that identify the record(s) the student wishes to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

(2) The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the University to amend a record should write the University official responsible for the record, clearly identify the part of the record the students wants changed and specify why it should be changed.

If the University decides not to amend the record as requested by the student, the University will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to provide written consent before the University discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The University discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic (including faculty, faculty advisors, Academic Dean, Assistant to the Academic Dean, Faculty Assistant, Dean of Students, and other University personnel) or research, or support staff position (including Transcript Evaluator, law enforcement personnel [campus security and the Dean of Students at the University at times serve in a law enforcement capacity], health staff, teacher assistants, or work study students); a person or company with whom the University has contracted as its agent to provide a service instead of using University employees or officials such as an attorney, auditor, or collection agent; a person serving on the Board of Trustees; or a student serving on an official committee, such as a

disciplinary or grievance committee or assisting another school official in performing his or her tasks.

A school official has a legitimate education interest if the official needs to review an education record to fulfill his or her professional responsibilities for the University.

The University has designated the following categories of information as directory information, which may at the University's discretion be released to the public without the student's consent: student's name and maiden name, address, email, telephone listing, date and place of birth, major field of study and courses taken, number of units earned, participation in officially recognized activities and sports, Deans List, dates of attendance, degrees and awards received, all previous educational agencies or institutions attended by the student, current class schedule, church membership, and parent's names, address, email, and telephone listing.

Upon request, the University will disclose education records without consent to officials of another school in which a student seeks or intends to enroll. [NOTE: FERPA requires an institution to make a reasonable attempt to notify the student of the records request unless the institution states in its annual notification that it intends to forward records on request.]

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Ave. N.W.
